February PDM

Supply Chain Management: Vendor Managed Programs and the Buy/Sell Relationship
William (Bill) G. Becker

When: Tuesday, February 12, 2008

6:00 PM Networking

6:30 Chapter Business

6:45 Dinner

7:30 Program

Where: Longbranch Hotel and Restaurant

90 Twixt Town Rd NE, Cedar Rapids, IA

Bill Becker is a 33 year veteran of Fastenal Company. Bill's vast experience in the Industrial Supply Market is evident in his current consultant role. As a consultant, Bill provides an avenue for manufacturers and Contractors to identify and understand how to bring value to their supply chain through essential buy/sell relationships, materials management & cost saving programs.

Bill provides training for Fastenal School of Business (internal employees), as well as working with large manufacturers and Contractors throughout North America. Bill's application and knowledge of these skills is derived from his role as a Fastenal Assistant Store Manager, General Manager, District Manager, Regional Sales Specialist, and Key Account Manager.

Bill will be presenting to the group his industry trends/applications on vendor managed inventory, cost savings, and buyer/seller relationships. He will identify and quantify, paper and product flow, to reduce direct and indirect procurement costs.

Reservations due by Friday, February 8th.

Contact Cedar Valley APICS Director of Programs Dennis Teel for reservations,

Phone (319) 465-3537 X292

Value Stream, Pull, and Perfection: Understanding Lean Thinking

Friday, April 11, 2008, 8am – 4:30 pm

Workshop Sponsored by the APICS Cedar Valley Chapter and the Iowa Quality Center

Workshop Description

“Lean” is today’s business buzzword – one that is being rapidly adopted by many industries, from health care to manufacturing. The lean-philosophy must be properly applied and work with corporate culture and at the same time it is changing that culture. The results, when properly implemented, can be phenomenal improvements in quality, cost, delivery, and customer service. In order to achieve those results, management must be the first to adopt the new direction and then be untiring in pushing toward a vision which they not only create but continuously champion. Once empowered, all other individuals in the organization should work together to understand and follow the path for this new vision. *Note: this workshop is being held in conjunction with the Annual ASQ Spring Conference scheduled for Thursday, April 10, 2008.*

This seminar will help you:

- Understand the Origins of Lean Activity
- Understand the Lean Philosophy
- Learn Various Lean Techniques and Their interrelations
- Learn Some of the Tools and Techniques Used by Toyota
- Understand the Sequence of Implementing Lean
- Gain an Understanding of Value Stream Mapping

Agenda:

7:30 – 8:00	Registration	11:15 – 12:00	5S Overview
8:00 – 8:20	Introductions	12:00 – 1:00	Lunch (included in workshop fee)
8:20 – 9:20	Lean Overview	1:00 – 2:15	Toyota Production System Overview
9:20 – 9:30	Break	2:15 – 2:30	Break
9:30 – 10:30	Lean Philosophy and Tools	2:30 – 4:30	Value Stream Mapping and Wrap Up
10:30 – 11:15	How do I Implement Lean?		

About the Speaker

Denny Larsen worked at John Deere for 30 years. He has a B.S. degree in Business Management. While at John Deere, Denny worked in numerous management positions. He managed shop floor schedulers, buyers, and material specialists. He worked on redevelopment projects for the Drive Train division of John Deere and was instrumental in setting up a new Deere facility in Mexico. He also worked with Deere suppliers to improve supply management techniques. He was responsible for implementing Demand Flow and was the team leader for the redevelopment of Material flow and Lean implementation for the John Deere Waterloo Works. After leaving Deere, Denny worked for 3 years for Toyota as their TPS Manager. Denny has also served as the International President of APICS.

Location:

Kirkwood Training and Outreach Services Center
3375 Armar Drive
Marion, IA.

APICS Workshop and Conference (non member) \$375

SCP Certification

Certified Supply Chain Professional Program (CSCP) Helps APICS CPIM and APICS CFPIM Certification Maintenance

There are three possible ways for APICS CSCP program participants to earn points toward maintaining their APICS CPIM or APICS CFPIM designations.

- *30 points*- Completion of the APICS CSCP Learning System.
- *20 points*- Receipt of a passing grade on the APICS CSCP exam.
- *1 point per instructional hour* -Participation in an instructor-led course that uses the APICS CSCP Learning System. Please note that participants cannot claim points for both the course instructional hours and the completion of the Learning System.

For additional information visit the Certification Maintenance section of the APICS Web site.

CPIM Certification

The APICS Certified in Production and Inventory Management (CPIM) program is an internationally recognized professional certification in the area of operations management. The goal of the program is to educate individuals on the concepts, tools, terminology, and integration of topics across operations functions.

The CPIM program includes:

- Entry module: Basics of Supply Chain Management
- Business process modules: Master Planning of Resources, Detailed Scheduling and Planning, and Execution and Control of Operations
- Capstone module: Strategic Management of Resources

All courses are offered through Kirkwood's Continuing Education Division.

Basics of Supply Chain Management - CBPR-170-BRE-04

This class covers the fundamental concepts in managing the complete flow of materials, information, and financials in a supply chain. The class will focus on material flow, from internal and external suppliers, to and from your organization. The class is the entry level class for the APICS Certified in Production and Inventory Management Program. Course fee includes student workbook, additional readings, and the APICS certification exam

Thursdays April 10 - June 12, 2008 6:00-9:00 PM

Instructor: Milden

Marland Room, Main Campus

Exam - June 14 - room 133 @ KTOS

Detailed Scheduling and Planning - CBPR-155-BRE-02

This class covers the techniques for material and capacity scheduling, the methods of inventory management, and supplier planning and relationships. The focus is on material and capacity requirements planning. Course fee includes student workbook, additional readings, and the APICS certification exam.

Mondays March 31 - June 9, 2008 6:00-9:00 PM

Instructor: Teel

Room 133 - KTOS

Exam - June 14 - room 133 @ KTOS

To register for classes, call 319-398-1022 or register on line at Kirkwood's website: www.foryourlifetime.com

Cedar Valley Chapter Introduces The Inventory Control Workshop Series for 2008

February 12: Introduction to Inventory Management

March 11: Material Requirements Planning and Bills of Material

September 9: Distribution Inventory Management

October 14: Cycle Counting

November 11: Physical Inventory

All classes will be held at Room 133, KTOS Center, Kirkwood Community College.

Time: 1:00 – 5:00 PM

Cost: \$159.00 per course. Course fee included workbook.

To register, contact Gayle Kennedy at Kirkwood. Phone: 319-398-5623. Or register at Kirkwood's Continuing Education Website www.kirkwood.edu/ce

Introduction to Inventory Management: CBPR-205-BRE-01

- Workshop provides a basic description of the functions of inventory management, basic concepts, and discusses real work application of inventory management principles.

Material Requirements Planning and Bills of Material: CBPR-210-BRE-01

- Workshop provides an opportunity to build bills of material to accurately define a product, discusses planning and modular types of bills of material, reviews the benefits of MRP, performs an MRP explosion to calculate component requirements, and discusses how to use MRP-generated action messages.

Distribution Inventory Management: CBPR-220-BRE-01

- Workshop discusses the objectives of distribution, activities, replenishment methods, application of lean techniques to distribution inventories, and ways to improve operational efficiency.

Cycle Counting: CBPR-225-BRE-01

- Workshop discusses concept of cycle counting, its benefits, how to utilize control groups, and the application of continuous improvement concepts to inventory accuracy.

Physical Inventory: CBPR-230-BRE-01

- Workshop discusses physical inventory preparation, defining control criteria for auditing, how to prepare counters, and how to reconcile discrepancies and close a physical inventory.

Help For Our “Downsized” APICS Members

“Seeking Employment” advertisement in our Cedar Valley Views newsletter—Quarter-page ad FREE to unemployed Cedar Valley APICS members. Copy due 15th of the month. Contact Director of Communications Joni Philips

APICS Career Center—all candidates may search jobs, but only APICS members receive the added benefits of posting resumes and receiving email alerts when new positions are listed. Visit the APICS Career Center at www.apics.org, phone (800)444-2742, or email jobs@apics.org.

Benefits Extension for Unemployed Members Program—a six-month extension of membership benefits without cost. Contact Kirk Schroeder for more info and an application.

Job Postings

A separate e-mail distribution list has been set up for job postings. If you would like to receive these postings, please contact Rick Held at rick.held@mchsi.com and ask to be added to the job postings list. You can have the newsletter and these job postings sent to different email addresses if you like.

If you have a Job you would like distributed to this list, also email to the above address.

Job Postings will also be available on the chapter website, www.cedarvalleyapics.org

Cedar Valley Views, the chapter’s monthly newsletter, is available by email or on the chapter website, www.cedarvalleyapics.org. You may request inclusion on our email distribution by contacting the editor, Joni Philips at (319) 573-9650 or philipsjnd@msn.com. We welcome your inquiries regarding articles, submissions, advertising, address changes, etc. The deadline for each monthly issue is the 15th of the preceding month. The newsletter may be forwarded to interested parties; articles may be reprinted with permission from Cedar Valley APICS.
